

Rebounderz Party Timeline:

Rebounderz Parties run for 2.5 hours, here is the breakdown of time. We will use as an example the 1:00pm party time slot.

- - Check in for you and your guests starts 15 minutes before the party scheduled time, so 12:45pm.
- - First 15 minutes: (12:45-1:00) Waivers, Wristbands, Jump Socks & Safety Video – Your party host will check in each guest, validating a waiver on file, getting a wristband and socks on and instructing the party guests of correct ways to jump on the trampolines. Parents (mom and dad only) of the party child always jump for free, so let your host know if you'd like to jump.
- - Activity Time runs for 2 hours: (1:00-3:00) If check in goes quick we will get your guests out on the jumpers as quick as we can. During this time, your party host will prepare any drink stands, party platters, and there will always be an event's team member to check in any late arriving guests. Parents can join the kids for some fun at an extra charge, relax in our café or enjoy the view on one of the numerous benches throughout the facility. Stop by our Front Desk if you need assistance or cannot locate your dedicated host.
- - Food and Beverages: is served between 1:50-2:15. An announcement will be made by your party host to instruct the kids to go back to the party room where the pizzas will be served. We will serve the kids first, and the adults can help themselves. Kids can go back to play since the food is served within their 2 hours of jump time.
- - 3:00-3:20: It's time for cake! We will help put candles on the cake or cupcakes, and help light the candles and sing Happy Birthday! Starting at 3:00, your jumping time has expired; the wristbands will be cut on the kids.
- 3:20-3:30: The party host will instruct the kids to put their shoes on. If you have purchased one of the Arcade Packages, the party host will help you distribute the cards to the kids. The \$3 arcade card per child included in the arcade packages typically last 2-4 games depending on the value of gameplay.
- The host will help gather all your presents, leftover food on the party cart and prepare you for check out. The event coordinator or manager on duty will check you out at the end of your party at the front desk.
- At any point during your party, feel free to ask the manager or event coordinator if you have any questions. Our team will gladly assist in any issue that may arise. We are here to help!
